## 7. Rebecca Noecker-Outreach and Partnership, Achieve Mpls-Our City, Our Schools

Pam Constain, executive director of Achieve Minneapolis, a non-profit that supports the Minneapolis Public School district. Achieve Minneapolis tries to bring information about the public schools out to the community. There are a lot of misconceptions about Minneapolis Public Schools, they work to clear that up in a city where a relatively low proportion of residents have a connection to school.

Willing to bring Our City, Our Schools program to our neighborhood board meeting to discuss items like, MPS 101, workforce preparedness, college entry, referendum information. They are asking us if we're interested in scheduling a time they can come in and engage with the neighborhood. Looking to link the city and the schools, here to offer that. They could also speak about charters. The program can fit our schedule, 20 minutes, 45 minutes, whatever, very flexible to fit our schedule. Interested in partnering with several NE neighborhoods to host an event on schools.

Achieve Minneapolis is rooted in the belief that we need to make the connection between schools and community.

They also hold bimonthly events called EdTalks.

## 8. Metro Blooms 2016- Joy Smallfield

It is time to decide whether or not we want to do this program again. All residents pay for is the plants. Cost for 10 raingardens was approximately \$5200, could be either rental property or owner occupied. Unsure what the deadline is, but likely it is this month. John Akre suggested a small amount of

funding for signs that mention SNO's involvement in the program.

Hilari made a motion to continue the raingarden program for 2016 for 10 gardens. Bob second. Passed unanimously.

## 9. Announcements
